

100G Active Optical Cable for Edge Computing

The 100G QSFP28 Active Optical Cable (AOC) is a high-performance, reliable, and cost-effective solution designed for high-speed data transmission in data centers, ...

Amphenol's 100G QSFP28 to QSFP28 Active Optical Cable assemblies are a reliable, cost and power efficient, integrated solution which is ideal for high density signal transmission ...

The 100G QSFP28 Active Optical Cable (AOC) is a high-performance, reliable, and cost-effective solution designed for high-speed data transmission in data centers, high-performance computing, ...

Ascent's 100G QSFP28 Active Optical Cable is a Four-Channel, Pluggable, Parallel, Fiber-Optic QSFP28 AOC for 100 Gigabit Ethernet and Infiniband EDR Applications.

The active optical cables are 100G hot pluggable cables that support Infiniband and Ethernet data transmission. The cables provide parallel interconnects--4 transmitting and 4 receiving data ...

Upgrade your network with our high-speed 100G QSFP28 AOC--experience lightning-fast data transmission. Shop now for reliable performance!

With 4 full-duplex, independent data transmission and receiving channels, OptoSpan 100G AOC Cables achieve an aggregate data rate of 101.6 Gbps over 100 meters transmission. The cables are ...

Typical Application Scenarios C-LIGHT 100G AOC Active Optical Cables are primarily suited for the following environments: Data Center Facilities: High-speed interconnects between switches, and ...

Multichannel AOCs combine our vertically integrated VCSEL array technology with standard QSFP and SFP+ connectors. They feature low power consumption, low weight, and a small bend radius for ...

Amphenol's 100G QSFP28 optical modules include SR4, AOC, AOC break out, CWDM4, LR4, ER4 Lite, ER4 and ZR4 series, which adopt LC or MPO ...

100G AOC Cables from JTOPTICS are Active Optical Cables that offer lightweight, flexible, and low-power connectivity. Designed for high-performance computing and networking environments, they ...

Our 100G QSFP28 Active Optical Cable delivers high-bandwidth connectivity for demanding data center and cloud applications. Supporting data rates from 96.97 to 112.2 Gbps with lengths from 1m to 100m ...

100G Active Optical Cable for Edge Computing

The 100G QSFP28 Active Optical Cable (AOC) is a high-speed, active optical interconnect solution designed for short-range data communication and interconnect applications. It provides a cost ...
