

Diodes are collimated in the fast axis at a pitch of 800 μm (400 μm for 1ms pulse width). The source has 16 stacks, 10 to 20 bars each depending on the final power requested assembled with very low gap ...

High Voltage Diodes 5 to 25kV, 150 to 650mA, 100nS, Long Surface Mount Package SLA-L Series High Voltage Diodes 5 to 20kV, 400 to 1200mA, 100nS, Long Surface Mount Package SH Series Diodes ...

With 50 years of experience and expertise in 3 key technologies - solid-state lasers, laser diodes and fiber lasers - the group designs, manufactures and markets high performance lasers for the industrial ...

Our semiconductor laser diodes come in a variety of packages, including standard 5.6 mm and 9 mm TO-cans, butterfly, laser pigtail, and chip on submount. QCLs come in 9 mm , C-mount, D-mount, ...

Laser diodes are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for many laser diode manufacturers including ams Osram, KYOCERA AVX, ...

Shop DigiKey's large in-stock selection of Laser Diodes, Modules. View inventory, pricing and order now for same day shipping!

Diodes are collimated in the fast axis at a pitch of 800 μm (400 μm for 1ms pulse width). The source has 16 stacks, 10 to 20 bars each depending on the final ...

Discover the industry-leading reliability and performance of TRUMPF's laser diode pump modules. We offer a flexible portfolio of high-power modules with both bar-based and single-emitter based laser ...

Compact and powerful laser diode array modules featuring a T6 building block design with integrated cooling and electrical manifold. These modules deliver up to 1 megawatt of output power, ideal for ...

Find the right laser diode with just a few clicks. Just select your specifications in the search mask and you get an instant overview of all the laser diodes that meet your requirements.

Common uses of high power laser diodes include the pumping of the gain medium in solid state lasers, fiber laser pumping and seeding, materials processing, medical and security sensing applications.
