

10g 40km Single-Fiber Optic Module

The SFP-1040-ER is a 10G ER single-mode multi-rate SFP+ transceiver using 1550nm wavelength and reaching up to 40Km distance on 9/125um fiber. The module can be used for 10G Ethernet, SONET ...

Wide Compatibility: Compatible for Cisco SFP-10G-ER, Ubiquiti, Mikrotik, D-Link, Supermicro, Netgear and Other Open Switches. Widely used in fiber switches, routers, NIC, server or other fiber optic ...

This hot-pluggable SFP+ transceiver is engineered to transmit 10Gbps data streams over single-mode fiber (SMF) for link lengths up to 40 kilometers, making it indispensable for metro ...

The Cisco 10GBASE-ER Industrial Temperature Module supports a link length of up to 40 kilometers on standard Single-Mode Fiber (SMF, G.652). The SFP-10G-ER-I for Industrial Operating Temperature ...

Providing robust 16 dB link budget over 40km single-mode fiber, this 10G BiDi module reduces infrastructure costs while maintaining performance. Supporting multi-rate transmission from 1.25 to ...

Ideal for enterprise networks, data centers, telecom infrastructure, and metro networks, this optical module is perfect for extending high-speed fiber connections over long distances. It supports uplinks, ...

This Generic SFP-10G-ER1310 compatible SFP+ transceiver supports 10GBASE-ER1310 and 10GBase-EW1310 throughput up to 40km over single-mode fiber (SMF). It operates at a 1310nm wavelength ...

TRENDnet's SFP+ Single Mode LC Modules are compatible with standard SFP+ slots found on network switches and fiber media converters. The single mode 10G SFP+ transceiver is equipped with a ...

This SFP module is designed to work with the Networx's 10 Gigabit Media Converter box. The creation and standardization of the SFP allows for a single product to be extremely flexible and allow for the ...

GET brand new 10GBase-ER optical transceiver whit wholesale price at 10Gtek Store, 10G SFP+ (DOM, BiDi 40km SMF Single LC) modules online sale.
