12-core fiber optic splitter coupler

RiteAV - 12 Core Fiber Distribution Box, 12 Port FTTH Distribution Splitter Box- Fiber Optic Terminal Junction Splitter Case with LC Fiber Cable Coupler In stock B0D12MNQ9J Pickup available at 2 ...

WATERPROOF : The 12 port fiber distribution box splitter box adopts ABS plastic, which is sturdy and durable, impact-resistant, sealed and waterproof. For protective connection of fiber optic ...

This 12 port fiber access terminal box is designed to connect feeder cables to subscriber drop cables for FTTH last-mile fiber connectivity. It integrates fiber splicing, optical signal splitting, termination and ...

Our SM and double-clad fiber coupler offerings also include a selection of components ideal for OCT applications.

This box comes with one cable inlet and 12 output port, supporting up to 12-core splice. It is made of engineering plastic that provides mechanical protection for fiber splice and joint; the screw lock ...

Fiber Couplers/Splitters/Combiners We offer a full line of fiber optic couplers and splitters supporting SM, MM, PM, large core, and double-clad fibers across 300-2000 nm, with power handling up to 100 W ...

Feature: 12 ports optical fiber distribution box is used for the fusion splicing, splitting, wiring transmission and other functions of the optical transmission terminal; It can effectively terminate, protect and ...

The 12 Port Fiber Distribution Box can connect up to 2 optical cables, providing space for distributors and 12 fuses. It is equipped with 12 SC adapters and can work in outdoor environments.

The 12-core fiber distribution box integrates the functions of splicing, branching, and wiring transmission for optical transmission terminals. It effectively terminates, protects, and manages fiber cables, ...

Multifunctional: The ST Termination Box is a versatile solution, offering clamping for feeder cables and drop cables, fiber splicing, fixation, storage, and distribution, all in one compact unit.

12-core fiber optic splitter coupler
