

SFP 16G modules are hot-pluggable optical transceivers used to connect switches, servers, and storage systems within Fibre Channel-based SAN environments. They are engineered to support the 16G ...

Buy SFP 16GB FTLF8529P3BNV-E5/Finisar SFP 16g switch module/ 16G Network adapter Switch Optical fiber module/16g 850nm sfp with fast shipping and top-rated customer service.

The Brocade 16Gb/s SWL SFPs are hot-swappable, low-voltage (3.3V) digital diagnostic optical transceivers that support high-speed serial links over multimode optical fiber at signaling rates up to ...

16G FC SFP+ optical transceivers are widely used in SAN, such as Fiber Channel switches and in Fiber Channel HBA (Host Bus Adapters) servers - AscentOptics.

The Brocade compatible Module provides 16GBase-LR throughput up to 10km over single-mode fiber (SMF) using a wavelength of 1310nm via an LC duplex connector. This transceiver is compliant with ...

Product Summary: SWVABYI 1pc DS-SFP-FC16G-SW 16GB Optical Network Module Multimode 850NM 16G Fiber Switch Transceiver From SWVABYI

The 16g SFP modules produced by SULITON are suitable for most switch brands on the market, such as MSA, Cisco, Huawei, Juniper, Dell, Edge-Core and other switches.

Optcore 16G SFP+ transceivers are an industry-standard fibre channel (16G FC) module for storage area networks (SANs) applications. Those modules offer short wavelength (SW), long wavelength ...

Featuring a built-in Semtec chip and reliable VCSEL laser + PIN receiver from global leaders, the SFP-16G-SR module delivers low power consumption and stable optical links for 16GFC SAN networks.
