

This 2x4 type optical switch has low insertion loss, low driving power, compact size, and fast switching speed. The switch is designed for use in optical fiber communication networks and measurement ...

GEZHI Photonics is a profession factory of optical switch matrix equipment. We can produce customized wavelength, configuration channel, fiber type, connector type etc.

The switch consists of two ports that selectively transmits, redirects, or blocks optical power in a fiber optic transmission line. The optical switch must be actuated to select or change between two states.

Features Wide Wavelength Range Low Crosstalk High Stability, High Reliability Epoxy-free on Optical Path

GLSUN 2x4 Cascade Optical Switch features on low crosstalk, high stability, high reliability, epoxy-free on optical path. This fiber optic switch is widely used in ...

Mouser offers inventory, pricing, & datasheets for 2 Channel Optical Switches.

GLSUN 2x4 Cascade Optical Switch features on low crosstalk, high stability, high reliability, epoxy-free on optical path. This fiber optic switch is widely used in system monitoring, OADM and OXC with ...

2x4 Mechanical Optical Switch. The 2X4 fiber optic switch connects optical channels by directing or blocking an incoming optical signal into the output fiber. This is achieved using a patent pending op ...

2X4 Optical Matrix Switches allow simultaneous connection between 2 inputs and 4 output fibers, in a fully non-blocking, all-optical, cross-connect configuration.

The N7731C offers two independent 1x4 optical switches, ideal to connect up to four devices to a test setup, or to share up to four measurement instruments with the same device under test. Find out ...

Optical Switches We lead the industry in optical switch technology, delivering the lowest insertion loss (0.2 dB), fastest switching speed (10 ns), broadest wavelength range (300-2400 nm), widest fiber ...

Designed for minimal reflectance, the switches integrate precision optical components into a compact modular package. Both singlemode and multimode ...

XYT-TECH Sharetop 2x4 Optical Switch is famous for its small volume, reliable performance, simple control mode. It is an ideal Component for OADM, OXC, system monitor and protection.
