

Originally presented at the 72nd Annual Conference for Protective Relay Engineers, March 2019

Conferences > 2019 72nd Conference for Prot... Need Help? A public charity, IEEE is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity.

As the electric power grid is rapidly changing, WPRC aims to bring you the latest in how the engineering of protection is adapting to the new environment. Over 600 individuals attend from around the world. ...

The WPRC Archive, hosted by the Energy Systems Innovation Center (ESIC) is a free searchable database of all papers presented at the annual Western Protective Relay Conference from 1974 ...

The Western Protective Relay Conference will feature an educational forum that aims to highlight innovations and ideas, in addition to discussing and networking to find solutions for ...

This paper discusses how to evaluate PRC-026-1 compliance of relays at different voltage levels on the same impedance plane. Examples of evaluating PRC-023-1 compliance for a complicated protection ...

The 46th annual Western Protective Relay Conference 2019 was held 21 - 24 October 2019 at the Spokane Convention Center in Spokane, Washington, USA. The conference is organized by ...

This paper discusses the possible improvements to the protection scheme design in consideration of tertiary dry-type reactors using modern relays. In addition, the paper also discusses the overall ...

WELCOME to the WPRC Archives which is the searchable database of all the papers presented at the annual Western Protective Relay Conference. All the papers starting with the first conference in 1974 ...

Increase of Efficiency of **Relay Protection** Reliability in Modes with Deep Saturation of Current Transformers Using The Methodology Based on The Application of Artificial Neural Networks

The 46th annual Western Protective Relay Conference 2019 was held 21 - 24 October 2019. at the Spokane Convention Center in Spokane, Washington, USA. The conference is organized by ...
