

The electrical interface uses a 20 contact edge type connector. The optical interface uses duplex LC receptacle. This module incorporates Gigalight Technologies proven circuit and technology to ...

FS 25G SFP28 optical transceiver solutions offer a wide variety of high-density and low-power connectivity options for 25 Gigabit Ethernet, telecom, and data center.

It is a high performance module for short-range data communication and interconnect applications which operate at 25.78125 Gbps up to 10km. This module is designed to operate over single mode fiber ...

It provides 25GBASE Ethernet connectivity option for 25G Ethernet, telecom and data center. It is fully compliant with the SFP28 MSA, CPRI and eCPRI standard. Digital optical monitoring (DOM) support ...

Power your short-range connections with Innoptical's 25G SFP28 SR transceivers. Experience reliable 300m transmission with low power consumption and seamless compatibility.

Home > Products > Active Products > 25G Optical Transceiver Modules > 25G 20Km LWDM SFP28

Built to meet industry standards and tested for interoperability, the Finisar 25GE SR SFP28 supports hot-swapping, simple installation, and seamless integration with a wide range of switches and NICs ...

Power your short-range connections with Innoptical's 25G SFP28 ...

Buy genuine Huawei 25GE SFP28 optical modules from GenuineModules with best price and fast worldwide shipping.

This document provides an overall description of the CE16800 series switches hardware that V300R020C00 and later versions, helping you obtain detailed information about each chassis, power ...

And the Huawei SFP-25G-SR 25GBase-SR Optical Transceiver, SFP28, 25G, Multi-mode Module (850nm, 0.1km, LC) is factory new with original packaging. Buy it now and enjoy risk free purchase ...
