

Ethernet Switches with fiber uplink ports or all fiber switches, commercial grade, managed and unmanaged and PoE enabled are all available in this section.

It comes with 4 copper cable transmission ports and 1 port for single-mode fiber ...

It comes with 4 copper cable transmission ports and 1 port for single-mode fiber optic. It provides simple and complex connectivity for multiple Ethernet device, network management, enhanced cyber ...

Fibertronics, Inc. fiber optic switches outpace traditional copper switches, leveraging the speed and efficiency of fiber optic signals. These switches are specially optimized to handle fiber optic ...

With 4 computers (e.g., A, B, C, and D) on 4 switch ports, any pair (e.g. A and B) can transfer data back and forth, while the other pair (e.g. C and D) also do so simultaneously, and the two conversations ...

The Sixnet®; Unmanaged 5-port PoE Industrial Switch is a durable, plug-and-play switch that adds Power over Ethernet capable copper ports along with fiber connectivity. Ideal for security and ...

We provide Metro Ethernet Class switches, modular with Bi-Directional fiber ports and Layer 3 switches with BGP4 and OSPF support, either for core networks or points of presence. There are also basic ...

Manufacturer of Ethernet Switch. CTC Industrial Ethernet switches offer a total of 5~20 fiber/UTP ports and feature industrial-grade reliability and network redundancy. The switches offer advanced ...

Discover fiber switches designed for reliable network connectivity. Browse 10G, 2.5G, and gigabit options to expand your bandwidth.

The SEL-2725 is an unmanaged five-port switch and copper-to-fiber media converter. Apply to build reliable, safe Ethernet networks in electrical substations, plants, and other mission critical sites.

We offer solutions that provide seamless transmission and conversion from Ethernet media to multimode or singlemode fiber. Our Ethernet network switches with fiber ports comes in managed or ...
