

Automatic Fiber Optic Heat Shrink Tubing Insertion Machine

The operator installs the product end of the heat-shrinkable tubing and inserts it into the guide hole in place, stepping on the foot switch, the device will heat-shrink the tubing.

The operator installs the product end of the heat-shrinkable tubing ...

High precision: Servo motors are used to control cutting, peeling, pressure end positioning, shell feeding, shell piercing, and precise positioning.

Fully automated harness and heat shrink tube processing machine JWD-SGST01 perfectly completes the processes of cable cutting stripping, terminal crimping and heatshrink tubing shrinking on two sides.

The machine heats up quickly and has good thermal compensation effect; the heat shrinkable tube has high heat absorption efficiency, uniform and tight heat shrinkage, and good processing consistency.

Our luck was in, we had an opportunity to be one of the first companies to trial the newly developed Haloblaze automated shrink machine. Our trials proved highly successful and we immediately ...

Across a wide range of applications, we deliver optimal heating temperatures, performance and control features for greater efficiency with our heat shrink machines and equipment. Scroll down to view our ...

Osprey brings together the traditional heat gun method of processing heat shrink tubing with Osprey, engineered airflow for 360 degree shrinking and safer heat gun mounting.

This fully automated machine integrates multiple wire processing functions, including wire cutting, stripping, terminal crimping at both ends, and the insertion of heat-shrink tubing on one end and ...

This is a fully automatic heat-shrinkable tube insertion and housing insertion machine, which integrates the functions of wire cutting, wire stripping, crimping terminals at both ends, one end of heat ...

Automatic Heat Shrink Tube Heating Machine is used to heat less than OD 5.0mm optic patch cable; the portable structure applies to narrow or moving working space. The parameters and temperature can ...
