

We manufacture and stock Distributions Boxes in various sizes from 3 outlets to 14 outlets:

Precast distribution/junction boxes are used to distribute the flow of wastewater from the septic tank, evenly to the absorption field, leeching field or seepage pits.

Precast distribution/junction boxes are used to distribute the flow of ...

Distribution boxes are cast with 35 MPA strength concrete at 7 days with 5-7% air. Fiber reinforced. Inlet openings 50mm (2") above outlets. Designed for up to one metre burial over top of tank, away from ...

Polylok, Inc. is an international supplier for the precast concrete and onsite wastewater industries, producing high-grade septic tank Solution and product.

Our team crafts each precast concrete distribution box using high-quality 5,000 psi concrete that is regularly tested using ASTM C31 and C39 quality testing guidelines.

Feeder Boxes Overview Feeder boxes are precast refractory liners designed to evenly distribute molten metal into casting dies above low-pressure die casting stations.

Find expert-curated Castings & Cast Iron Boxes, Frames & Covers products from the #1 US plumbing supplier and top distributor of HVAC, waterworks, and MRO products.

Discover top-quality Outlet Economy Distribution by Kistner Concrete Products Inc. Explore durable solutions for all your distribution needs.

Patented weir opening maintains equal flow even in unlevel D-Boxes that continue to move their entire lives. Simple to install, just push into any 4" pipe, SCH. 40, SDR 35, and thin wall.

Our pre-cast concrete distribution boxes are essential for effective wastewater management systems, ensuring efficient distribution of effluent to your drain field.
