

Looking for high-performance 10 Gigabit switches? Choose from a wide range of options from leading China manufacturers, suppliers, and factories. Find the perfect solution for your networking needs!

This unmanaged industrial Ethernet switch is designed to match the critical industrial standards. With reliable and simple operation against vibration and shock, and wide operation temperature range, it ...

This unmanaged switch integrates 10 all-gigabit ports within an extremely compact chassis, offering industrial durability that surpasses commercial-grade equipment at an economical ...

JHA-MIWS6GS8024H is a high performance, cost-effective high-end managed industrial Ethernet switch. The switch provides 24 10/100/1000Base-T (X) Ethernet port and 8 1000Base-X SFP Slot ...

Leveraging strong R& D capabilities, we design and sell a comprehensive range of reliable industrial networking products in harsh environments, including industrial Ethernet switches ...

We provide solutions and services of industrial Ethernet switch, fiber to copper media conversion, Ethernet networking, CCTV video surveillance, CWDM DWDM devices and optical monitoring ...

Our rugged 10G switches provide reliable performance for critical industrial networks. Equipped with advanced features like VLAN, QoS, link aggregation, and redundancy, these ruggedized 10G ...

All products are designed to meet industrial-grade performance standards, ensuring stable operation in harsh environments such as high temperature, humidity, vibration, and electromagnetic interference.

Discover our range of industrial 10G switches for high-speed network solutions. Our 10G industrial Ethernet switches ensure robust performance and reliability in demanding environments.

Ruijie offers next-generation industrial Ethernet switches designed for harsh industrial environments, providing flexible full-gigabit access as well as 10GE uplink ports, and supporting a wide operating ...
