

Featured Manufacturers About Fiber Optic Connectors Fiber Optic Connectors are the ends used to terminate optical fiber cable. The connector styles are DNP, ESCON, FC, FDDI, FSD, FSMA, LC, ...

Learn all major fiber optic connector types (LC, SC, MPO, APC/UPC), their differences, applications, and how to choose the right connector in 2026.

Corning's fiber optic connector technology includes proven field-installable fiber connectors which make fiber terminations fast, easy, and reliable.

Online shopping for Connectors - Fiber Optic Products from a great selection at Industrial & Scientific Store.

A fiber fast connector, also known as a mechanical splice or cold connector, is a field-installable connector that terminates fiber optic cables without requiring a fusion splicer.

We manufacture and supply a wide range of fiber optic connectors and assemblies for FTTH, data centers, and telecom networks. Contact us today for free quote and free samples.

FS Fiber Termination Kits (Fiber Splice Tray, Protection Sleeves, Fiber Connectors, Ferrules, Sleeves, etc) achieve faster fiber termination and higher performance.

Use this guide as a checklist to determine your fiber cable connector options - verify your optical connector types against the standards and choose the types of the fiber connectors that will ...

Widely used in FTTH, FTTx, LAN, and telecom networks, the cold fast splicer connector is ideal for emergency repairs, field termination, and temporary or permanent fiber links.

FASTConnect field installable connectors include LC, ST, SC and are compatible with 250 μ m and 900 μ m fiber optic cable, solutions designed for quick, tool-less termination. Ideal for enterprise, FTTx, ...
