

Compatible Intelligent Low-Power Optical Module Supplier in Belarus

Discover seamless 400G/800G optical transceivers, DAC/AOC cables, NVIDIA hardware & switches for AI data centers.

Search for and compare optical components from manufacturers around the world, or for custom jobs we'll match you with an industry expert service provider.

LasersCom has a team of highly qualified engineers and researchers including PhD holders. They work in a close collaboration with the National Academy of Sciences of Belarus, national and foreign ...

REPUBLICAN UNITARY ENTERPRISE PLANT OPTIC Belarus, Lida 1000+ Manufacturer/Producer
Contact supplier

By operating from a single 2.7V to 5.5V input power rail and integrating the controller, gate driver, power inductor, and MOSFETs, these mini modules are optimized for space-constrained applications like ...

From low data rates to 800GB, we have compatible, energy-efficient modules tested with global standards. Get the quality you need for any application.

The Belarusian Optical and Mechanical Organization (BelOMO Holding since 2011) is a recognized leader in optoelectronic device-making. The history of BelOMO Holding springs from the foundation ...

Proven low-power options: Wolon's Low-Power optical modules line is engineered to cut per-port power by a significant margin while keeping full protocol compatibility.

Belarus export directory and products catalog, providing trade leads among Belarus factory, manufacturers, suppliers, and global buyers.

We developed the laser diode modules with record coupling efficiency and thermal stability of optical power, and photodiode modules with excellent return losses, responsivity, and dynamic range. Our ...
