

WAGO's range of switches ensures the scalability of your ETHERNET network infrastructure, while providing outstanding electrical and mechanical characteristics. Unmanaged and managed switches ...

Our engineering team can design and manufacture industrial network switches tailored to your specific requirements, from custom port configurations, unique mounting options to specific applications.

Additionally, with multiple industrial certifications, our industrial Ethernet solutions not only provide the highest network reliability for Ethernet hubs and network switches to meet current industrial ...

These ultracompact, ruggedized, high-performance switches are ideal for building custom networking solutions. Available as cards compliant with CMOSS/SOSA and OpenVPX standards.

Mencom offers a wide range of reliable Industrial Networking Solutions for the industry 4.0 Smart Factory applications. Choose from a wide selection including managed, unmanaged, industrial ...

Customers want flexible, customizable and fully transparent network functionality using EtherNet/IP or PROFINET protocols to support topology and prioritization. Industrial Ethernet Switches enable a ...

AOA Tech Industrial Ethernet Switches range from industrial PoE switches, industrial managed switches, industrial unmanaged switches, and so on. We can help to design the solution and offer ...

Choose the solution that best suits your industrial networking needs. We offer customized DIN-rail, rackmount, and wall-mount switch solutions to fit your unique network infrastructure.

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting. This gives you the flexibility to build powerful ...

If you're an OEM integrating industrial switches into your equipment, we offer white-labeled and customized switches. Our full product design support, quality control, and efficient manufacturing ...
