

Customized Relay Protection and Control Devices

Cabinets and devices of relay protection and automation (RPA) manufactured by Radiy are a modern solution for control, automation, protection, monitoring and signaling at power facilities.

Phasr Industries provides Protection and Control Panels to the Utility and Commercial markets. Relay Panels are built to meet and exceed industry standards. Our standard design is 30" W x 30" D x 90" ...

ABB Relion REX640 leverages the same configuration software as all ABB Relion protection and control products. Relion REX640 offers a fully modular hardware and software allowing for high ...

We specialize in the designed assembly of protection and control relay cabinets as well as PLC and motor control assemblies, pneumatic control packages, and automation and control systems.

Our control and relay panels are custom-designed and built to meet your exact specifications. Our design teams use 3D engineering software to ensure each step of the manufacturing process meets ...

Our engineers specialize in designing custom protective relay panels precisely to your specifications, seamlessly integrating your standards with our production processes for maximum efficiency. Our ...

AQ 300 - Protection relays for high-performance protection The AQ 300 protection relay series combine a powerful and modern design with decades of proven relay protection history. The series provides a ...

High-performance protection Future-proof your power supply with protection relays and control for digital substations. SIPROTEC includes: Engineering tools for protection: Assist your ...

Our focused teams review existing protection and control designs, relay settings, modeling data, and operational practices. Proposed solutions include risk identification and prioritization, mitigation ...

We offer tailored relay or contactor panel solutions designed to meet your specific needs with expert customization and reliable service.
