

Dedicated socket for high-voltage power distribution box

We will be happy to investigate the possibility of offering suitable HV connector systems, cables and, of course, power supplies for your application.

We provide a complete range of high-performance IEC industrial plugs and sockets for electrical distribution ranging from 16 to 125A. Available also with an interlock system, the socket outlets are ...

Cabinet dedicated power socket (power distribution unit)

View the TI High-voltage power distribution box block diagram, product recommendations, reference designs and start designing.

Our HV PDUs ensure stable and safe connections in the voltage range from 60 VDC to 1000 VDC for optimum power distribution between the battery, on-board charger, inverter and other electrical ...

SAFE AND RELIABLE: This power outlet box comes with 4 NEMA 5-20 IP44 ...

The MARECHAL P66 is a highly versatile and durable range of industrial plugs, sockets, and connectors, commonly used in demanding environments where robust, reliable electrical connections ...

Choose from our selection of power distribution panels, including square D circuit breaker boxes, electrical wiring and connecting, and more. Same and Next Day Delivery.

We deliver tailored solutions for electrical power distribution boxes and distribution electrical boxes, avoiding unnecessary features and ensuring a perfect fit for your needs.

Based on real-world client feedback, these connectors provide reliable high-voltage interlock protection for Power Distribution Units (PDU), Motor Control Units (MCU), On-board Chargers (OBC), and high ...

SAFE AND RELIABLE: This power outlet box comes with 4 NEMA 5-20 IP44 waterproof sockets. Each socket is protected by a circuit breaker to ensure the safety of the electrical equipment used in each ...
