

Pony has the cable you need. And when you select Pony, you're assured of a cabling solution with the quality and performance that has consistently set the standards in the industry.

Single Mode Multi Loose Tube, Double Sheath, optical fiber cables are perfect for direct burial applications. These cables are perfectly suited for both gigabit Ethernet and 10 gigabit Ethernet ...

Overview: The 48 Core GYTY53 Fiber Optic Cable is a robust, fully armored outdoor cable engineered for long-distance transmission and direct burial applications.

Looking for a high-quality GYTA53 Direct Burial 48 Core Fiber Optical Cable? Look no further! We are a factory specializing in fiber optic cables.

Corning ALTOS Lite gel-free, single-jacket, single-armored cables with FastAccess technology are designed for direct-buried installations. The innovative FastAccess technology feature combined with ...

These corrugated steel tape and aluminum tape armored and double sheath cables are suitable for installation in harsh environments where mechanical impact on the cable is to be expected, for ...

Corning ALTOS Lite gel-free, single-jacket, single-armored cables with FastAccess technology are designed for direct-buried installations. The innovative ...

Overview: The 48 Core GYTY53 Fiber Optic Cable is a robust, fully armored ...

These cables combine flexible dry buffer tubes and swellable water blocking materials with Prysmian's extensive portfolio of single-mode and multimode optical fibers.

Armored Loose Tube Double Jacket/Double Armor fiber optic cables are designed to provide high fibercounts with the flexibility and versatility required for today's most demanding installations, ...

Providing up to 216 fibers in a compact design, the enhanced coupling features ensure the ribbon stack and cable act as one unit, providing long-term reliability in aerial, duct and direct-buried applications.

48 Core direct buried armored GYTS optical cable is a communication cable with transmission speed like light.
