

Faster replacement and priority support, covered for 5 years. High-performance 10G SFP modules for optimal connectivity. An 8-port, Layer 2 switch made for 10G SFP+ connections.

Designed with operational resilience in mind, the Ubiquiti Aggregation switch features power redundancy through its internal power supply and built-in hot-swap fans. Its functionalities, including DHCP ...

Layer 3 aggregation switches that allow enterprises to build scalable, secure, high performance and smart business networks that are fully manageable and support maximum capacity.

The HPE FlexNetwork 7500X Switch Series delivers versatile, multi-layered, high performance, modular switches for enterprise LAN edge, aggregation and core layers.

By bundling multiple network connections into a single high-bandwidth link, aggregation switches help streamline traffic flow and reduce bottlenecks in enterprise or campus networks.

Explore enterprise switching architecture and see how core, aggregation, and access layers integrate with PoE, oversubscription, and design examples.

Seamlessly integrating with RUCKUS wireless products, ICX access switches enable a unified wired and wireless network experience, simplifying management, enhancing security, and ensuring ...

1.8 Tbps high-density 100G/25G Layer 3 Etherlighting(TM) aggregation switch with MC-LAG support for high availability system design.

The switches are packed with features that bring high availability, comprehensive security, robust multicast control, and advance QoS to network aggregation, while maintaining simple management.
