

When it comes to 10,000m @ 1310nm Fiber Optic Cable, you can count on Grainger. Supplies and solutions for every industry, plus easy ordering, fast delivery and 24/7 customer support.

Every SFP-FE-MM13-2KM module is environmentally tested in its specific port/platform, which includes compliance verification for distance, wavelength, traffic density and light.

The Vi01310MMA-H is the perfect solution for interfacing with existing fiber cable installations for single/multiple camera transmission or short-haul backbones.

This transceiver is perfect for inter-building links, metro access, Active Optical Cable data center interconnects, and enterprise backbones where long-range fiber transmission is required.

Explore the complexities of 1310nm fiber wavelengths in this comprehensive guide. Learn about fiber optics, optical transmission, and more.

Mouser offers inventory, pricing, & datasheets for Multimode SFP 1310 nm Fiber Optic Transmitters, Receivers, Transceivers.

The XG-SFP-LR-SM1310 is aligned to IEEE 10GBASE-LR optical specifications and supports a link length of up to 10 kilometers over a single-mode fiber (SMF) with an LC connector.

Compare loss, transmission distance, and real-world applications to choose the right wavelength for your network or custom cable solution.

1310nm SFP singlemode modules provide a practical and reliable solution for 10-20 km transmission in campus and metro environments, offering low dispersion, manageable attenuation, ...

The durable 2ZR6AA-10- 10" Multimode Duplex Fiber Optic Cable with ST-ST connectors help add fiber capability to industrial applications. 10 feet in length, diameter of 62.5/125, wavelength of 1310nm, ...
