

We specialize in customizing a wide range of essential equipment, including patch cords, cabinets, switches, patch panels, connectors, fiber distribution boxes, low-voltage boxes, UPS systems, and ...

Cabinets, Frames and Wall Mounted Enclosures and panels for indoor, outdoor and pedestal mount applications. Fiber optic connectivity interconnect points by AFL.

Coupled with the optional toolless front and rear cable managers, the LightVerse Fiber Modular Patch Panels offer industry leading fiber support.

Explore CommScope's efficient and scalable fiber splice panels designed for seamless connectivity. Accommodating LC, SC, and MTP/MPO connectors, these panels are ideal for data centers, ...

It is capable of housing up to 24 bulkhead adapters in two 118 LGX compatible adapter plates (not included) and is equipped with a splice tray (LL-2425), which holds up to 24 single fusion splices.

As the name suggests, this type of splicer box is mainly designed for making single-core fiber optic cables. The splicing process in this box is automatic, semi-automatic, or manual, and it uses an ...

Fibertronics, Inc. is an SBA certified woman-owned small business providing USA manufactured customized fiber optic and low voltage cable assemblies, and products for distribution.

Streamline your home wiring and media setup with low voltage panel boxes. Browse enclosures designed for easy installation and cooling of enclosed equipment.

A comprehensive family of fiber enclosures combine with adapter plates, modules, and splice components to facilitate an attractive, easily-accessible installation.

These brackets are designed for low-voltage applications (data, coax, speaker wire) and do not provide a sealed enclosure, so they are not suitable for wet or damp locations.
