

MasterChem Solutions is a leader in the development and production of filling and flooding compounds for the fiberoptic cable industry. Our first commercial production of these compounds was in 1992.

Info-Gel offers a range of thixotropic gels with water-blocking and other capabilities for use in filling and/or flooding optical fiber cables. [Learn more.](#)

Fiber optic cable filling compound is not ordinary "grease" or "petroleum jelly," but rather a semi-transparent paste-like functional material composed of base oils, thickening systems, water-blocking ...

Fillers serve multiple functions within a cable from providing added protection against the elements to lengthening the cable's lifespan. While cable filler helps take up ...

We have a complete range of cable gels for your cable applications. If you have an upcoming cable project, request an offer and we will provide you with a tailored offer.

By filling the voids inside optical cables with a super absorbent water swellable materials instead of a flooding compound or gel, Sterlite Technologies offers a water block "dry" cable that provides users ...

We produce and market a wide range of compounds that are formulated from raw materials of different types (mineral and synthetic) for the filling and protection of different types of cables.

The filler rods fill the space that would normally be occupied by a buffer tube containing optical fibers so as to keep the structure of the cable intact. For ...

We offer unique application solutions for manufacturers, operators and installers of cables through an international network of manufacturing sites, supported by regional sales offices.

For 50+ years, electrical cable industry businesses across North America have trusted Guelph Twines for a complete line of high-quality polypropylene, paper, and flame-retardant cable fillers ...

A complete guide to the raw materials of fiber optic cables--optical fibers, PBT tubes, FRP rods, aramid yarn, steel armoring, HDPE/LSZH jackets, and more. [Compare ADSS, OPGW, ...](#)
