

Amphenol FOP's SMA Ceramic Zirconia Connectors are designed for medical applications requiring high-performance fiber optic connectivity. With zirconia ferrules for thermal stability and low insertion ...

PANDUIT®; OPTICAM®; Pre-Polished Fiber Optic Connectors are available in both ceramic and composite ferrule variants, offering flexibility in product choice in addition to the benefits of pre ...

Our larger bore connectors accommodate our large-core fiber series and are ideal for optogenetics applications. Each connector package includes a fiber connector cap, crimp sleeve, and strain relief ...

our ceramic machining technologies produce high-precision connector components for fiber optic communications systems, available both with custom and standard designs.

Kyocera's ceramic-based optical connector components offer high dimensional accuracy. Our lineup includes custom designs as well as standard products, such as ferrules and sleeves. We can ...

Upgrade your network performance with our professional-grade Fiber Optic Connectors. Featuring high-precision Zirconia Ceramic ferrules for minimal signal loss, our selection includes industry-standard ...

Kyocera's ceramic-based optical connector components offer high dimensional accuracy. Our lineup includes custom designs as well as standard products, such ...

Our Standard Ferrules are typically used as sub-components within fiber optic connectors, but can also be integrated in various specialized applications. They are made of zirconia ceramic, which offers the ...

New Products RoHS Compliant Filter By: All Manufacturers Altech (11) Amphenol (25) AVX / Kyocera (1) Belden Wire & Cable (1) CONEC / Amphenol (1) Glenair (3) HARTING (1) KYOCERA AVX (3) Molex ...

As a leading supplier of advanced fiber optic components, Molex has an extensive product offering that includes a full range of optical solutions from connectors, adapters and cables to backplanes and ...

List of Ceramic Fiber Optic Connectors Product Specs, Datasheets, Manufacturers & Suppliers
