

This small standard footprint adapter with a flange or no flange is made of high ...

Our SC duplex fiber optic patch cord offer reliable, high-speed connections for voice, data or video in data centers, offices, and telecom rooms, with fire-retardant options available.

Engineered specifically for loaded fiber patch panels and wall-mount enclosures, this adapter provides secure, low-loss coupling of dual LC/APC single-mode connections without the bulk of traditional ...

A color-indexing identification solution that delivers instant visual clarity for hyper-dense fiber connectivity. Built on the TIA-598 standard color scheme, each component is color-coded, from the ...

We design fiber optic feedthroughs and patchcords for reliable optical transmission and hermetic sealing in ultra-high vacuum, high-pressure, and harsh industrial environments.

FCD offers TAA Compliant and Made in the USA fiber optic cables. We can custom build any length and type of fiber you need and we'll ship the order typically within 1-2 days.

SC/APC to SC/APC Fiber Optic Internet Cable, Armored Single Mode Patch Cable, Fiber Optic Jumper Optical Patch Cord - SIMPLEX - 9/125um - OS1/OS2 Compatible, LSZH White, 1m

Explore fiber optic patch cords for telecom, data centers, and FTTH. From LC/SC to MPO/MTP and armored jumpers, ZION Communication offers ...

This small standard footprint adapter with a flange or no flange is made of high-grade casing materials for durability. This design offers a quick and easy solution to extend fiber optic cables or connectors ...

Our broad portfolio can help you extend the length of a fiber optic cable or quickly connect two different fiber connectors. Most importantly, all the adapters were tested in the factory for optimal performance ...

With high-precision components and tool-less design, the adapters allow two devices to communicate from a distance through a direct connection with the fiber optic line.
