

Unlock the power of Multi-Gigabit speeds with Wolontek's 2.5G SFP Modules. Designed as the perfect upgrade path for modern networking, these transceivers allow you to boost bandwidth from 1G to ...

Optcore 2.5G SFP transceivers are an industry-standard small form-factor pluggable module for SONET OC-48, SDH STM-16 (2488 Mbps) applications. These SFP modules comply with the SFP MSA, CE, ...

The SFP transceivers are high performance, cost effective modules supporting dual data-rate of 2.488Gbps and 20km transmission distance with SMF. The transceiver consists of three sections: a ...

25G APD ROSA Youopto 25G Series is a 25Gbps receiver optical subassembly (ROSA) integrating a high speed APD chip, a micro-TIA in a 7PIN TO4...

Supporting the OpenZR+ Multi-Source Agreement (MSA), the new 400G OpenZR+ QSFP-DD Optical Module from Molex provides a high level of performance and scalability for next-gen data centers ...

NEC's Tunable SFP is an optical transceiver that allows wavelength change and contributes to the WDM of the network. It reduces the complexity of wavelength management and inventory management, ...

To ensure the optimum performance and reliability of your network, it supports DDM digital diagnostic functions, allowing you to monitor your optical power and temperature. This GPON ...

Explore the ultimate guide to optical modules. Learn types, functions, performance metrics & how to choose the right module for your fiber network.

To ensure the optimum performance and reliability of your network, it supports DDM digital diagnostic functions, allowing you to monitor your optical ...

FS 2.5G SFP solution with low power consumption provides an ideal connection option for 2.5G Ethernet over Cat5e cable, switch to switch interface, and AP/Router interface.

2.5G SFP optical modules designed for telecom, industrial networking and broadband access applications.
