

Our fiber optical switches offer several control options - remote control, control via button switch or both. The signal passes through the switch optically, without any electrical conversion.

Discover fiber switches designed for reliable network connectivity. Browse 10G, 2.5G, and gigabit options to expand your bandwidth.

These switches exhibit exceptional versatility, supporting all fiber types, including multi-mode, single-mode, Plastic Optical Fiber (POF), and Hard Clad Silica (HCS) or Polymer Clad Fiber (PCF). This ...

We produce a wide range of turn-key fiberoptic switch systems that integrate fiber components with electronics, firmware, with all computer/internet interface formats having user-friendly graphics ...

8-Port 2.5Gb Switch with 10Gb SFP+ Slot, Less Heat Unmanaged Multigig Ethernet Switch for NAS, Gaming, PC - Plug & Play, Silent Aluminum Housing, Professional Grade 2.5 Gigabit Network Switch

Our informative and experienced representatives are ready to assist you with any questions that you might have, regarding your fiber optic network. We offer a superior selection of quality products as ...

Optical switches are utilized to disconnect, bypass and reroute fiber optic communications. All Optical switches are available in multi mode versions (-3 for ST connectors, -4 for SC connectors) or single ...

Discover high-performance Ethernet network switches for seamless connectivity and efficient data transfer. Explore managed & unmanaged switches for your networking needs!

We offer solutions that provide seamless transmission and conversion from Ethernet media to multimode or singlemode fiber. Our Ethernet network switches with fiber ports comes in managed or ...

To meet these growing bandwidth requirements, access switches must have optical downlink ports. These ports can then use optical fibers that offer a higher transmission rate for ...
