

High-density fiber optic tubing high temperature resistant in stock

Ideal for long-haul backbones, metro networks, and high-density fiber corridors, LiteLinx 864 Single Tube offers a future-proof solution in a space-optimized design.

Ideal for high-density fiber networks in outdoor environments, including backbone routes, data center interconnect, FTTx, and 5G infrastructure. Supports up to 13,824 fibers in a compact design, ...

FiberTech Optica manufactures fiber optic cables for harsh environments, resistant to heat, pressure, and severe industrial conditions. Contact us!

MIL-PRF-28876 qualified shipboard fiber optic connectors, termini, backshells, and assemblies. In-stock, high-availability, Navy-approved fiber optics plus SeaKing high-pressure open-face, Pierside, and ...

Wrapping Tube Cable (WTC), with SpiderWeb Ribbon® (SWR), is an ultra-high density outside plant cable designed specifically for fiber-to-the-home (FTTH) or access markets. It is compliant with the ...

Our high temp fibers are designed for applications that require improved fatigue resistance, high usable strength, and resistance to and hydrogen permeation.

Wrapping Tube Cable (WTC) with SpiderWeb Ribbon® (SWR®) is an ultra-high density outside plant cable designed specifically for Fiber-to-the-Home (FTTH), access markets and data center network ...

TLC's commitment to customer service, short lead times, excellent stock positions, custom capabilities and keeping low minimum order quantities has allowed for ease of doing business thus enabling TLC ...

HIGH DENSITY CABLE Sub-Unitized MicroCore® 2.0 Cable ught by today's structured cabling professionals. Each sub-cable is independently qualified and is suitable for individual routing paths ...
