

# Industrial Ethernet Low Insertion Loss Splitter Multimode

The MM graded index couplers offer low insertion loss and excellent ...

Lfiber's multimode fiber coupler (optical splitter) is mode-insensitive, it performs uniform performance across an ultra wideband wavelength range and features high reliability and stability.

Castor's Multimode Fiber Splitters (MFS) are designed to efficiently split or combine multimode signals with minimal insertion loss. Manufactured with step-index fibers with core diameter ranging from 50 ...

Deploying compact FS PLC Splitters to simplify your networks, perfectly fits your PON, EPON, FTTH, etc.

Central wavelength can be customized for different applications. 2. All specifications are before connectors and are subject to change without notice. 3. Measured under the stable mode condition ...

Find high-quality multimode PLC splitters for fiber optic networks. Durable, compact designs for FTTH and other applications. Shop our reliable optical solutions.

Explore CommScope's MPO Cable Assemblies--designed for high-speed data transmission and efficient connectivity. Our premium quality fiber cable assemblies include InstaPATCH, MPOptimate, ...

The Ultra Broadband Low Loss Splitter/Combiner DEV 2644 is wall mountable compact 1:4/4:1 passive splitter or combiner. The low slope, the high port-to-port isolation and the very low difference in ...

The MM graded index couplers offer low insertion loss and excellent environmental and mechanical stability. The multimode couplers are available in 50/125um and 62.5/125um fiber types and operate ...

Multimode PLC Splitter is a passive optical device used to split incoming signals into two or more output signals. They're capable of operating over a broad wavelength range from 650 nm to 1350 nm (Typ. ...

FiberMall MPO16 APC Y Splitter Cables 3m are designed for 800G QSFP-DD/OSFP DR8/OSFP XDR8 optics direct connection and support 800G transmission for Hyperscale Data Centers.
