

Product Catalog 2025 Our product line was created to give our partners a chance to get in on the booming Industrial IoT and edge network connection markets. It includes Ethernet Access devices, Switching and Routing gear, ...

Antaira offers a variety of industrial Ethernet switches, including industrial-grade network switches, DIN mount switches, and Ethernet switchboards, that can perform efficiently in adverse weather ...

Our industrial network switches include Layer 3/2 managed/unmanaged, PoE, DIN-rail, and Industrial 10G switches, ensuring seamless connectivity and easy ...

Built for secure industrial automation and a wide range of use cases, these modular switches with PoE options support advanced resiliency protocols and network security features that include Cisco ...

Explore Detroit Switch's mil-spec bulletins and product literature for essential industrial equipment information. Download our sales literature now!

Our product line was created to give our partners a chance to get in on the booming Industrial IoT and edge network connection markets. It includes Ethernet Access devices, Switching and Routing gear, ...

Industrial Ethernet 4+2 unmanaged 10/100 switch with 4 x 10/100 Mbps RJ45 ports and 2 x fixed fiber ports, selectable at time of purchase. Operates on 12-48V DC power with a max. power consumption ...

The Switch is ideal for industrial Ethernet applications where small and easy-to-be managed hardened products are required, including factory automation, intelligent transportation systems, city ...

10G Industrial Ethernet Switch is a Layer 3 managed industrial Ethernet switch which is independently developed by Fiberroad for industrial ethernet applications. The device features Gigabit Ethernet ...

Choose from a wide selection including managed, unmanaged, industrial grade, ultra-compact, DIN-rail mount, multi-ports, Power over Ethernet (PoE), gigabit options, and more.

FR-9T448F is a multi-port, Layer 3 Industrial Managed Ethernet Switch, independently developed by Fiberroad for industrial ethernet applications.

Our industrial network switches include Layer 3/2 managed/unmanaged, PoE, DIN-rail, and Industrial 10G switches, ensuring seamless connectivity and easy installation in rugged conditions, with RSTP ...
