

MapIT G2 integrates the powerful combination of innovative Smart Patch Panels, user-friendly Master Control Panels and EagleEye(TM) software to provide real-time tracking and reporting of network-wide ...

Detects direct patch cord connections between the switch and the intelligent patch panel (connected to horizontal cabling). Best for setups needing simple, direct device-to-panel links. Involves mirroring ...

This complete & intelligent-ready physical layer management system uses RFID technology for wireless detection of individual patch cords & real-time monitoring of unintended physical changes in network ...

PANEL KIT CONTENTS ... "Leviton is dedicated to designing, developing, and manufacturing sustainable high-performance structured cabling and speciality cabling solutions."

Detects direct patch cord connections between the switch and the intelligent patch panel (connected to horizontal cabling). Best for setups needing simple, direct ...

Intelligent Patching Infinique's Intelligent Patch Panel Solution for Copper and Fiber Structured Cabling System.

CommScope offers Intelligent Copper Panels for automated infrastructure management solutions that enable you to monitor, manage and optimize your network connectivity in real time

Description Canovate Intelligent Fiber Patchpanel systems combines both connectivity hardware and monitoring firmware to provide a secure connectivity solution. This solution will enhance security by ...

FUTURE-PATCH is therefore an intelligent, electronics based solution that allows technicians to be visually guided (LED) on site at the rack when adding or removing patch cords and to directly check ...

SimpleWin(TM) 24Ports Intelligent Empty Panel for Cat.6 or Cat.6A (Angled type) It is available for quick installation cabling by automatic cutting wire tool of individual modular jack.

SYSTIMAX iPatch™; hardware, including intelligent copper panels, fiber optic shelves and infrastructure control systems, give you Vision into real-time changes to your physical layer network.
