CommScope engineers and manufactures a complete line of high quality fiber pigtails

Professional-grade fiber optic pigtails built for telecom, FTTH, and data center deployment. Options include single mode G.652.D/G.657.A1/A2 and multimode OM1, LC/SC/ST ...

Along with multiple connector types -- including ST or FC for older devices, SC for common snap-in applications and LC for smaller form factors, high-density installations -- our multimode fiber optic ...

FS fiber optic pigtails offer a fast way to make fiber optic communication devices in the field by fiber splicing, fully manufactured and tested by industrial standards.

Confused about fiber optic pigtails--which connector type, which polish, fusion or mechanical splice? Our guide covers LC vs SC, APC vs UPC, splicing methods, and real-world use ...

Available in Single-mode and Multi-mode (LC, SC, ST and FC Connectors) Preloaded Fiber Patch Panels/FDUs: We have combined the pieces you would need to purchase in a simple quick all-in-one ...
