

When utilized properly, the Fiber Optic Pigtail allows light signal transmission with minimal return loss and low attenuation. The pre-terminated fiber reduces installation time and ensures accuracy.

Find high-quality fiber optic pigtails for reliable network termination. We offer a full range of single mode and multimode pigtails with SC, LC, ST, and FC connectors.

Our single-mode and multi-mode assemblies, available with various connector types, provide a reliable, low-loss solution for splicing and connecting fiber runs.

CommScope engineers and manufactures a complete line of high quality fiber pigtails

OMC ribbon fiber pigtails with SC/FC/LC/ST connectors, featuring a well-structured design for easy wiring and efficient fiber optic deployment with fiber cable pigtail.

FS fiber optic pigtails offer a fast way to make fiber optic communication devices in the field by fiber splicing, fully manufactured and tested by industrial standards.

Our fiber pigtail assembly products come in different standards including multimode or single mode plus a variety of fibre optic connectors like LC, ST, and SC.

Vericom Fiber Pigtail Kits are constructed with standard TIA/EIA-604 FOCIS fiber connectors and two meters of Corning® Fiber Cable. Our Fiber Pigtails are available in LC-UPC Singlemode, LC-UPC ...

High-quality fiber pigtails with pre-terminated connectors on one end and exposed tight-buffer fiber on the other. Available in single-mode and multimode (LC, SC, FC, ST), customizable, factory-tested, ...

Leviton fiber optic pigtail kits are a good solution for mechanical or fusion splicing applications. Available in a range of multimode and single-mode fibers with SC, ST or LC connectors. Our premium pigtails ...
