

Find high-quality LD PD pigtail products from reliable suppliers. Enjoy durable, efficient, and customizable laser diode solutions for various applications.

OZ Optics offers a complete line of laser diode to fiber couplers, offering optimum coupling in a small, rugged package. They may be purchased prealigned, with the diode already in place, or as a kit that ...

PD-LD Inc. offers a variety of packaging options for its 1625 nm laser diodes. These units are available in ready-to-use, fiber-coupled packages, including FC, ST, SC and other receptacles, as well as fiber ...

All devices are available in fiber pigtailed co-axial packages or in connector style receptacle packages. Pigtailling. Devices can be pigtailed with any size optical fiber that is compatible with its active area ...

Perfect for coupling fiber with LD's and PD's for various applications such as DFB lasers, pump lasers or receivers. Our high quality specialty pigtails will improve coupling efficiency, increase product ...

design. InGaAs is optimal from 1000 to 1650nm . All devices are available in fiber pigtailed co-axial packages or in connector style receptacle packages. Pigtailling Devices can be pigtailed with any size ...

Victory Packaging

PD-LD Inc. offers a variety of packaging options for its" Near Infra Red Series of laser diodes. These units are available in ready-to-use, fiber-coupled packages, including FC, ST, and SC receptacles, ...

These laser diodes are housed in a type 1, 14-pin butterfly package. They include fiber pigtails from 1 to 1.5 m in length, terminated with FC/APC connectors (2.0 mm narrow key). Each butterfly package ...
