

The figure below illustrates the changes in the TOP10 list of optical transceiver suppliers over the last 15 years. A majority of the Japanese and US-based suppliers exited this market by 2020, while Chinese ...

ModuleTek widely used in various networks, such as: Data Center, Telecom Network, Data Transmission Network, enterprise network, storage switching network, metropolitan area network ...

Supporting the OpenZR+ Multi-Source Agreement (MSA), the new 400G OpenZR+ QSFP-DD Optical Module from Molex provides a high level of performance and scalability for next-gen data centers ...

After more than 20 years of hard work, O-Net Technology has grown into the world's largest supplier of optical communication components, modules and subsystems, and has taken the lead in multiple ...

Shop high-speed optical transceivers from Unitekfiber. We offer 100% compatible 40G, 100G, and 400G QSFP-DD modules for data centers. Expert technical support & wholesale pricing.

Discover seamless 400G/800G optical transceivers, DAC/AOC cables, NVIDIA hardware & switches for AI data centers.

These compact modules convert electrical signals into optical signals--and vice versa--supporting various data rates like 10G, 25G, 40G, 100G, 200G, 400G, and 800G.

We design and manufacture a full portfolio from POF transceivers to 25G SFP+/DWDM modules, including plug-and-play compatible replacements for AVAGO/Broadcom HFBR series.

Lanbras Optical Module and Cable solutions cover up to 800G, 1.2Tbps, 1.6Tbps technologies. We offer high-performance optical transceivers, DAC (Direct Attach Cables), and AOC (Active Optical Cables) ...

Manufacturer of optical subassemblies, components, and transceivers for fiber optic communications applications. Products include photonic integrated and planar light wave circuits, ...
