

The 400G QSFP-DD active optical cables are designed for use in 400 Gigabit Ethernet links over OM4 multimode fibers, and contain eight multi-mode fibers (MMF) optic transceivers per end, each ...

Photonic 400G Active Optical Cable (Breakout Cable 2x200G - QSFP112 version) provides optimized solutions for interconnections inside datacenter up to 50M on OM4 fiber. Products are both in ...

Designed to support data rates from 12G to 400G, AOCs integrate fiber-optic transceivers directly into the cable to provide faster transmission, longer reach, and improved signal ...

The Active Optical Cables support 400G PAM4 applications and are available in standard lengths up to 100 meters including 1:2, 1:4 and 1:8 breakouts.

The 400G QSFP-DD AOC is a high-performance module for short-range multi-channel data communication and interconnection applications. It integrates eight data channels, each capable of ...

High-speed Active Optical Cables (AOC) for data centers. 800G, 400G & 100G breakout cables. Lightweight, flexible fiber interconnects for distances up to 100m.

T& S Communication provides premium 100G, 200G, 400G, and 800G Active Optical Cables (AOC) including 400G QSFP-DD AOC and 800G AOC for next-generation data centers.

Built on reliable 850 nm VCSEL technology and with an integrated DSP, the module ensures superior signal integrity with a low power consumption of 8 W per end. Supporting cable lengths up to 100 ...

Our collection covers 10G through 400G AOCs, enabling seamless connections inside racks and across rows in enterprise networks, data centers, HPC clusters, and cloud platforms.

NADDOD offers Active Optical Cable (AOC) with data rates up to 400Gps and link distances ranging from 0.5m to 100m, all at a low cost and power consumption.

The 400G QSFP-DD active optical cables are designed for use in 400 Gigabit ...
