

Moxo switch with 6 industrial network ports

The switches can be used to power IEEE 802.3af/at-compliant powered devices (PD), eliminating the need for additional wiring, and support IEEE 802.3/802.3u/802.3x with 10/100M, full/half-duplex, ...

The compact DIN-rail managed switches have a variety of copper and fiber port combinations that provide customers with greater flexibility when deploying networks

EDS-P206-4PoE series 6 port unmanaged industrial Ethernet switches manufactured by Moxa.

Moxa SDS-3006 Series Industrial 6-port smart Ethernet switches with 4-port IEEE 802.3af/at PoE+ or 2-port Gigabit uplink options. The SDS-3006 smart Ethernet switch is the ideal product for IA engineers ...

SDS-3006 - Network Switch 6 Ports IP40 from Moxa. Pricing and Availability on millions of electronic components from Digi-Key Electronics.

The SDS-3006 smart Ethernet switch is the ideal product for IA engineers and automation machine builders to make their networks compatible with the vision of Industry 4.0.

By breathing life into machines and control cabinets, the smart switch simplifies daily tasks with its easy configuration and easy installation. In addition, it is monitorable and is easy to maintain throughout ...

The Moxa SDS-3006 is a 6-port smart Ethernet switch designed for industrial automation. It supports EtherNet/IP, PROFINET, and Modbus TCP, features PoE+ options, and ensures network ...

Moxa offers Industrial Ethernet Switches & Routers with industrial-grade reliability, network redundancy, enhanced security, easy management, and competitive price-to-performance ratios.

The compact DIN-rail managed switches have a variety of copper and fiber port ...

Industrial Layer 2 Smart Ethernet Switch. 6 port with sfp options. Support EtherNet/IP, PROFINET, and Modbus TCP protocols. Offers management functions including IEEE 802.1Q VLAN, port mirroring, ...
