

Nordic Overseas Warehouse QSFP28 Optical Module 400G

The built-in surge current mitigation technology mitigates the DUT risks from being damaged. The broad operating temperature range accommodates the enterprise, datacom and telecom applications. The ...

We offer optical modules supporting speeds from 1G to 400G, ideal for expanding network infrastructure in data centres and telecom operators. Find out how easy it ...

Shop high-speed optical transceivers from Unitekfiber. We offer 100% compatible 40G, 100G, and 400G QSFP-DD modules for data centers. Expert technical ...

Choosing a selection results in a full page refresh. F-tone Networks is a brand of fiber optic products factory outlet dedicated to delivering quality compatible optical ...

The OSFP-LR8-400G Module supports link lengths of up to 10km over single mode fiber (SMF) with duplex LC connector. It is compliant to ICMIS Rev 4.0, IEEE 802.3bs and OSFP MSA ...

Shop a complete range of reliable QSFP transceiver modules. Find compatible QSFP+, QSFP28, and QSFP-DD optics for data rates from 40G to 400G and beyond. Engineered for data centers and ...

NEC has been developing and manufacturing optical transceivers for more than 30 years since the dawn of the optical communications era. Based on this extensive ...

This setup aggregates four or eight 100G QSFP28 connections into a single 400G or 800G uplink using QSFP-DD or OSFP ports, enabling high-bandwidth scaling for ...

By partnering with tier-1 optical component manufacturers, we ensure every module meets the highest industry standards. Each transceiver undergoes rigorous testing and comes supported by a Limited ...
