

We offer optical switches with integrated MEMS technology, optical switch kits, and PRO8 modules for fiber-optic circuit integration or construction. A selection of high damage threshold, acousto-optic Q ...

For a remote test system a customer is looking for a 1550 nm SM optical switch in a rack mount with 2 separate 1x12 optical switches terminated with FC/APC connectors.

MEMS 1X12 1X13 Optical Switches (single mode,multimode,850/1310/1550nm) Base on MEMS technology,one input and 12 or 13 output fibers optical path control device.

The MEMS Series 1&#215;12 Fiber Optical Switch connects optical channels by redirecting incoming optical signals into selected output fibers. This is achieved using our patent pending MEMS configuration ...

DiCon's GP800 12x12 Optical Switching System is an all-optical non-blocking cross-connect switch. This rack-mount device is designed with DiCon's proprietary 3D MEMS mirror technology and ...

Please download the Optosun Optical switch Mems PDF here:

Optical Switches are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Optical Switches.

The OWL 12-Fiber MPO Optical Switch enables automated fiber testing by sequentially switching MPO fibers, improving test speed and accuracy.

Buy 1xN Fiber Optical Switches - 2D (1x12) with the best value at MSE Supplies, trusted by 20,000+ scientists and engineers worldwide. This product is widely used in high-precision imaging fields.

MEMS Optical Matrix Switch Module is built with DiCon's proprietary MEMS technology. Each module contains 2 sets of MEMS mirrors for making 1-to-1 connections between input and output ports. The ...
