

Industrial-grade outdoor fiber optic cables with armor protection. Multiple configurations for long-distance transmission.

The loose tube design provides stable performance over a wide temperature range and is compatible with any telecommunications-grade optical fiber. The gel-free design is fully waterblocked using craft ...

This incredibly durable outdoor armored fiber optic cable has two additional steel wires for the tensile strength necessary for extended lengths of outdoor use, in addition to IP68 and UV ratings.

Mouser offers inventory, pricing, & datasheets for Outdoor Fiber Optic Cables.

Protect your data connections and network installations with our indoor/outdoor tight buffered armored fiber cable. It eliminates the need for extra conduit, suitable for aerial and duct applications.

Get pre-terminated specialty fiber optic cables like armored fiber cable, customized indoor/outdoor & FTTA fiber cable to meet every fiber optic cabling demand in harsh environments.

Fiber optic cables for outdoor applications are engineered to withstand the more demanding conditions seen outside, from environmental extremes to mechanical forces.

Browse armored and dielectric outdoor fiber optic cable.

Extend your LC/SC Fiber Optic Cables length without replacing the original fiber cable. Durable and compact, high performance hybrid fiber optical adapter design with low insertion and return loss.

Extend your LC/SC Fiber Optic Cables length without replacing the original fiber cable. Durable and compact, high performance hybrid ...

Learn more about high-performance indoor/outdoor fiber cables by CommScope. Enhance connectivity with precision.
