

# Polish Transparent Optical Cable Multimode

Get low-loss fiber patch cables & cords with various connector options that support fiber optic cabling up to 400G. 100% tested. Customized cables available.

For use in the mid-IR spectral range, we offer single mode and multimode fluoride optical fiber manufactured in-house, as well as patch cables and other components incorporating our fluoride fiber.

From Ethernet cables to connectors, keystone jacks to patch panels, couplers to tools, and cable management to coaxial cables, we've got you covered. Experience reliable connectivity and hassle ...

This OM4 MPO cable features MPO (Female/Male) connectors with PC/APC polish, available in elite low loss ( $\leq 0.35$ dB) options, supporting Type A/B polarity. The PHILISUN MPO patch cord is 100% tested ...

UPC or "Ultra Physical Contact" polish on the fiber optic connector ends. ...

Our fiber optical patch cables are bend insensitive for tight enclosures and sharp turns and our 2.0mm cable jackets support high density applications. Our high quality ceramic ferrules ...

Transparency of the core permits transmission of optic signals with little loss over great distances. The coating's low refractive index reflects light back into the core, minimizing signal loss.

055702T5Z20003M Professional 2.0 mm 2 Fiber Patch Cord Corning® ClearCurve® OM3, Multimode, LC UPC Duplex to SC UPC Duplex, 3 m Typically ships in 14 day (s) Actual lead time confirmed ...

Pre-terminated single mode, multimode, and 10G fiber patch cables with SC, ST, LC, MTRJ, FC, E2000, VF45 connectors. Mode conditioning, PM fiber, LSZH, reversed polarity.

UPC or "Ultra Physical Contact" polish on the fiber optic connector ends. Corning® ultra-bendable glass, laser-optimized core and cladding. Local Area Network/Data Center & High-Definition Multimedia ...

Multimode Fiber Optic Cable Assemblies are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Multimode Fiber Optic Cable Assemblies.
