

Price List of Domestic Flame-Retardant Optical Cables

Available in both multimode (OM3/OM4) and singlemode (OS2) variants, they support configurations from 4 to 24 cores in a durable central loose tube design. Meeting stringent international standards, ...

Flame retardant cables resist the spread of fire but are fully destroyed by the fire, lacking circuit integrity. These cables are designed to prevent flame propagation but do not maintain service during a fire.

LSZH optical fiber cable jacket is more fire-resistant compared with common PVC jacketed cables. With LSZH compound, Low smoke zero halogen cable reduces the amount of toxic and corrosive gas ...

Just click on a catalogue, browse through our product ranges and/or download it. CPR fire-resistant optical cables with Euroclass Dca, Cca, and B2ca classifications. Safety and performance for critical ...

Learn more about high-performance indoor/outdoor fiber cables by CommScope. Enhance connectivity with precision.

This FireTuf fibre range is fully compliant with fire resistant standards IEC 60331-25 and flame retardant standards IEC 60332-2-3-24C, guaranteeing the cables circuit integrity and performance in the event ...

Find your flame-retardant optical cable easily amongst the 51 products from the leading brands (LEMO, LAPP, SAB, ...) on DirectIndustry, the industry specialist for your professional purchases.

Draka Lifeline Fire Rated Cables are manufactured with ceramification technology to produce fire resistive cables qualified to the most demanding standards.

We carry RHW-2 and RW90-Two-Hour Fire cables as well as Two-Hour Horizontal and One-Hour Vertical Cables. We also carry QFCI Fire Resistant Fiber Optic Cables for communications.

This innovative cable features a patented design that ensures functionality for over three hours in temperatures reaching 1000°C. It is halogen-free and flame-retardant, providing protection against ...
