

# Price list for upgraded QSFP optical modules for data center interconnection

Click to get your 40G QSFP+ transceiver modules from nearby warehouses. 30-Day Free Return. Trusted by 260K+ Enterprise Users.

The goal is to define pluggable low-cost optical modules for data center applications with short-range 800G transmission, including 8X100G and 4X200G specifications, with transmission distances ...

The module is equipped with an EML laser and APD receiver, and reaches a transmission distance of 80km at a wavelength of 1310nm. With these features, this hot-swappable transceiver is suitable for ...

As a highly integrated 4-channel optical module, 40G QSFP LR4 PSM has a higher port density and is more cost-effective for the entire system's operation.

Cisco QSFP-40G-ER4 Compatible 40GBASE-ER4 QSFP+ Optical Transceiver Module (SMF, 1310nm, 40km, LC, DDM) Cisco QSFP-40G-ER4 Compatible QSFP+ optical transceiver modules from ...

This article explores how to interconnect OSFP and QSFP-DD ports in 400G/800G networks, covering key principles, form factor differences, and practical solutions for stable, high-speed data center ...

Have any questions? Talk with us directly using LiveChat.

QSFPTEK is a one-stop optical transceiver manufacturer and seller. We provide 1G to 400G optics with a vast selection of compatibility and models. Our compatible modules are affordable ...

The official store for QSFPTEK. We provide compatible optical modules with online shopping function.

200G/400G/800G optical module features up to 40km transmission distances using QSFP56/QSFP-DD footprints for data center interconnect applications - FiberMall
