

Thorlabs offers a wide range of optical beamsplitters. Our plate beamsplitters have a coated front surface that determines the beam splitting ratio while the back surface is wedged and AR coated in ...

Light can be split by percentage of overall intensity, wavelength, or polarization state. Edmund Optics offers plate, cube, pellicle, polka dot, or specialty prism Beamsplitters in a variety of anti-reflection ...

Find many great new & used options and get the best deals for PLC-164-SC/UPC-1U/Rack mounted optical splitter 1*64 19 inches at the best online prices at eBay! Free shipping for many products!

Nd:YAG Laser Beamsplitters The Beamsplitter splits average polarized laser beam into two beams separated by 90 deg from each other.

Beam Splitters Features: o Rugged compact design o Broad wavelength range o Low insertion loss o High extinction ratio o Low return losses o Low Polarization Dependent Loss (PDL) o Low Wavelength ...

Beamsplitters operate by splitting light based on reflection/transmission (R/T) ratios or specific properties like polarization or wavelength. Available in cube and plate configurations, these versatile ...

Explore our collection of optical cable splitters and PON splitters for sale. Optical beam splitters are used to split the fiber optic light evenly into several parts at specific ratios.

High precision and custom optical beamsplitter supplier, optical beam splitter, PBS, NPBS,

Shop DigiKey's large in-stock selection of Beamsplitters. View inventory, pricing and order now for same day shipping!

Shop high-quality 1 64 optical splitters for reliable FTTH networks. Mini steel tube type, PLC, and rack mount options. Bulk orders and custom designs available.
