

# Road-mounted industrial fiber optic switch

Product description The HGW-401S-PSE is a 5-port Gigabit Ethernet switch with 4-port 10/100/1000Base-T (X) and 1-port 100/1000Base-X SFP slot for optical fiber providing stable and ...

Industrial Ethernet Layer 2 Managed Switches that secures data transmission by using fiber optics transmission to provide immunity from EMI/RFI interference. They are the perfect solution for ...

Explore industrial fiber optic Ethernet switches from a direct manufacturer. SFP, single-mode and multimode fiber switches available in unmanaged and managed designs.

Explore our selection of industrial fiber optic switches for reliable and efficient network connectivity. Our industrial fiber switches are designed for durability and performance in harsh environments.

Our products make use of SFP modules for multimode or singlemode fiber with LC connectors. Many of our switches support 1 or 2 fiber ports which are advantageous when daisy chain configurations are ...

Managed and unmanaged Ethernet Fiber Optic Switches for industrial networks. Switches range from 2 to 6 ports, speeds up to 10/100/1000. Temperature hardened and low port count ideal for linking ...

We offer Industrial Fiber Optic switches with wide range of configurations and features for deployment in industrial environments with high reliability and flexibility.

RLH Industries manufactures industrial fiber optic communication equipment: converters, Ethernet switches, enclosures, fiber cable, and power supplies.

Our product range includes industrial media converters, managed and unmanaged ethernet switches, 8 to 24 port PoE switches and DIN rail mount PoE switches, xWDM systems, ...

Explore Westermo"s range of robust industrial fibre switches available with different management levels and a variety of port configurations.
