

We are a Shimadzu Scientific Instruments Factory Representative selling the finest precision spectrometers made. Our instruments are indispensable for research, development, and quality ...

SPECTRO is a global leading supplier of advanced analytical instruments like ICP, Arc Spark OES, and XRF spectrometers for precise elemental analysis of materials.

Our stationary Arc/Spark OES offer high-productivity solutions for metal analysis. Our Mobile OES offer a rugged and reliable solution for on-site metal analysis. Our Rotating Disc Electrode Optical ...

We offer a selection of UV/VIS spectrophotometers and luminometers that provide precise measurements for a variety of research applications, from analyzing light absorption in materials to ...

New spectrometers are being designed with eco-friendly materials and lower energy consumption. The launch of the Waters Xevo MRT with sustainable manufacturing credentials at ...

Explore the spectrometers market's most influential companies driving innovation, competitive performance, and industry trends in 2025-2030.

Find your metal analysis spectrometer easily amongst the 39 products from the leading brands (Thermo Fisher, Bruker, LECO, ...) on DirectIndustry, the industry specialist for your professional purchases.

4 Spectrometers Companies From Sweden Tip: Select a quick entry below to view selected spectrometers companies by company type.

The Spectrometers market size, estimations, and forecasts are provided in terms of sales volume (Units) and sales revenue (\$ millions), considering 2023 as the base year, with history and forecast data for ...

SPECTRO metal analyzer instruments carry out a wide diversity of analytical tasks for metals analysis. The mobile metal analyzer product-line, is especially designed for location-independent use.

Avantes delivers precision spectroscopy solutions and scientific instruments for research, industry, and OEM applications.
