

Slovenian Accelerometer Sensor Optical Cable Manufacturer

We are developing and producing industrial sensors since 1988 FBS elektronik d.o.o. has a leading role among Slovenian manufacturers of industrial sensors.

Our online shop offers a selection of our most popular products including accelerometers, accelerometer cables, instrumentation cables, accelerometer mounting accessories, signal conditioning products ...

Accelerometers from Kistler are designed for measuring vibrations, shock and motion for monitoring, control and test applications. Based on IEPE, charge output and MEMS technologies, the sensors ...

Since 1985, F.A.S.T. GmbH has been a manufacturer of the entire range of technical equipment used to detect and locate leakages on drinking-water supply pipeline network systems.

Whether you need two-conductor cables for single-axis accelerometers or three- or four-conductor cables for multi-axis accelerometers, temperature-sensing accelerometers, or 4-20 mA vibration ...

SYLEX is a world-class original design manufacturer of high quality optical interconnect solutions and fiber optic sensors and sensing systems.

Find your accelerometer easily amongst the 913 products from the leading brands (Brüel & Kjaer, Pepperl+Fuchs, ifm, ...) on DirectIndustry, the industry specialist for your professional purchases.

Get direct insight into the behaviour of your system with Somni accelerometers. Our accelerometers come in a variety of shapes and sizes, each with its own unique specifications.

We offer a comprehensive range of cables, cable assemblies and data test instruments to ensure complete peace of mind when installing industrial vibration sensors.
