

High-quality fiber pigtails with pre-terminated connectors on one end and exposed tight-buffer fiber on the other. Available in single-mode and multimode (LC, SC, FC, ST), customizable, factory-tested, ...

Schnell multimode fiber pigtails provide reliable, low-loss terminations for short to medium-range data transmission. Available in LC/PC and SC/PC types with OM1, OM2, OM3, and OM4 fiber types. ...

Leviton fiber optic pigtail kits are a good solution for mechanical or fusion splicing applications. Available in a range of multimode and single-mode fibers with SC, ST or LC connectors. Our premium pigtails ...

High quality pre-terminated 900&#181;m optical fiber pigtails with LC, SC, ST connectors for fiber splicing applications. Choose from single mode, multimode and 10G OM3/OM4 fibers.

Find high-quality fiber optic pigtails for reliable network termination. We offer a full range of single mode and multimode pigtails with SC, LC, ST, and FC connectors.

We carry Fiber Optic fusion splicers, cleavers, OTDRs, cables, panels, laser sources, power meters, and many other Fiber Optic products for any project.

Fiber optic pigtails are tight buffered fiber cables with a pre-terminated connector on one end and exposed fiber on the other. Our fiber pigtails are available in single mode fiber and multimode fiber ...

The short, unbuffered construction of multimode pigtail jumpers makes them the perfect choice for short-distance connections that require more flexibility than the average fiber optic installation.

Fiber optic pigtail for precise, low-loss terminations in fiber networks. Available in SC, LC, ST, and more for singlemode and multimode applications.

FS offers single mode & multimode fiber pigtails with tight buffer design for easy fusion or mechanical splicing. Quality assurance by 100% end-face, IL & RL testing.
