

This PDU measures power consumption (A, kWh, TPF, W, V, Hz). Each output can be individually switched On/Off manually over the web, the NETIO cloud service ...

You can change the slot configuration of the modular PDU (PSM) at any time, and even add completely new functions, without having to interrupt the power supply to the IT rack.

Sipolar manufactures smart PDUs, saving both time and electricity for demanding data centers. We also provide OEM intelligent PDUs tailored to your needs.

This PDU measures power consumption (A, kWh, TPF, W, V, Hz). Each output can be individually switched On/Off manually over the web, the NETIO cloud service (available with a fee), or with a ...

Discover our smart PDU (Power Distribution Unit) with IEC C13, NEMA Plugs and Plug Type G for AV/IT apps.

APC Metered-by-outlet with Switching Rack Power Distribution Units (PDUs) provide active metering of individual outlets and remote on/off switching control of individual outlets. Metering-by-outlet allows ...

Modular, compact intelligent PDU with inlet metering. Ultra-Low Profile Design. Reduce IP addresses by Daisy Chaining up to 64 PDU"s.

In IT, the smart PowerPDU 4PS is typically used to distribute electricity in a 19" rack (cabinet) in a data center. The connected appliances can be restarted from the web interface (each output can be ...

Multi-socket PDUs can incorporate any type of socket and mains lead termination. Environmental ports allow the connection of Temperature and Humidity sensors, Security ports for Access Control, Volt ...

NETIO PowerPDU 4KS is a smart PDU (Power Distribution Unit) with 4 metered & switched power outputs and 1x DI. PDU is remote controlled via web interface,... All NETIO power sockets can be ...

It provides centralized, secure and intelligent power management with respect to power on, power off and cycling of data center devices (servers, storage systems, KVM switches, network devices, serial ...
