

CommScope designs and manufactures a comprehensive line of fiber optic cables--from outside plant to indoor/outdoor and fire-rated indoor fiber cables.

Primus Cable 12-strand OSP dry loose-tube armored all-dielectric OS2 single-mode fiber cable for outdoor backbone, FTTH, and rugged long-distance installations.

The flexible, craft-friendly buffer tubes are easy to route in closures, and the SZ-stranded, loose tube design isolates fibers from installation and environmental rigors while allowing easy mid-span access.

This category of fiber cables has a loose tube fiber single, interlocking armored and dielectric options available. In addition, we offer tight buffered fiber cables that are made so that the buffering material ...

Plenum Armored Fiber Cable is our most popular choice for its versatility and can be used in riser or general-purpose applications as well. The MC cable is tough and durable to ensure that rodents can't ...

armed optical fiber cable which cover a layer of spiral metal tube to protect the fibers.

Get fast, reliable data transfer with our Pre-Terminated Armored Singlemode Fiber Optic Cables. Featuring high performance singlemode fiber with low IL and RL, and LC connectors.

Leviton offers armored fiber optic cable in a wide variety of optical fiber constructions. Our unique spiral wrap armoring process preserves cable flexibility while providing unmatched durability in a range of ...

The flexible, craft-friendly buffer tubes are easy to route in closures, and the SZ ...

Superior Protection with Steel Armor: Features spiral-wrapped steel armor for ...

A 24 strand single-mode armored fiber optic cable consists of 24 individual glass fibers, each capable of transmitting data using a single mode of light. Single-mode fibers have a small core ...

Superior Protection with Steel Armor: Features spiral-wrapped steel armor for exceptional damage resistance, crush, and tension protection, ensuring durability and longevity.
