

# Surveillance Armored Fiber Optic Cable Model

Providing up to 216 fibers in a compact design, the enhanced coupling features ...

Learn more about our crush-proof stainless steel micro-armor fiber optic cables, the smallest and most flexible in the industry.

Leviton ARMORTEK fiber cable design adds protection, physical security, and flexibility over other armoring options. The specialized spiral wrap armoring process preserves cable flexibility while ...

Our standard singlemode armored fiber cables are from 2- 288 count fiber strand with up to 864 count fiber strand. Our 264 armored singlemode to 576 armored singlemode fiber cables fibers are mostly ...

Fibertronics, Inc. offers a complete selection of armored fiber optic patch cables designed for durability, flexibility, and reliable performance in the most demanding environments.

Browse our armored fiber optic cables and patch cables today. We carry OM4 and OM3 fiber optical jumpers, 50/125 10G, 40G, 100G, LSZH rated and more.

The armored fiber optic cables come in single mode and multimode categories like OM1, OM2, OM3 and OM4. This category of fiber optic cables is ideal for outdoor, aerial, duct and direct burial applications ...

RLH armored cable assemblies are pre-terminated with LC, SC or ST connectors and can be ordered in any length required. Cable assemblies include a pull sheath for ease of deployment in the field. Each ...

Providing up to 216 fibers in a compact design, the enhanced coupling features ensure the ribbon stack and cable act as one unit, providing long-term reliability in aerial, duct and direct-buried applications.

Get diverse armored fiber patch cables for stronger protection of the optical fibers and stable transmission to support fiber optic cabling in harsh environments.

Armored Fiber Optic Cables add an extra level of security to your installation when rodents, moisture, and other common threats to your network are a concern. A selection of indoor and outdoor Armored ...
